

A & H AIR CONDITIONING, HEATING & PLUMBING

Fall & Winter Special

\$50.00 off

Whole House Humidifier Installation

Why does your family need a whole house humidifier from A & H?

- Prevent dry air health issues such as asthma and dry/cracked skin
- Prevent damage to furniture, hardwood floors, musical instruments
- Prevent static shock
- Save in home heating energy costs. By keeping the relative humidity inside your home at an ideal level, you can turn your thermostat down a few degrees and still feel comfortable.
